### PROFESSIONAL EXPERIENCE

#### ● Software Developer

TORVIS

Sept 2018 - present

Torvis is a start-up I founded in 2018 that builds scalable automation platforms for different environments.

#### ● Full-Stack Developer

YBSS

June 2018 - present

An NGO based in Andhra Pradesh, India that I work for as a full-stack developer. I built their site and maintain it on a voluntary basis but don't actively develop for them anymore.

#### ● Full-Stack Developer

GGBK

April 2017 - June 2017

An NGO based in West Bengal, India that I worked for as a full-stack developer.
